

TECHTalks
Jan. 31 – Feb. 2, 2017

Come join exhibiting companies for short technical presentations on a variety of topics including – production technology, food safety and sustainability. A great opportunity designed to provide additional dialogue and discussion on the exhibit floor.

Tuesday, Jan. 31

Hall C1305

- | | |
|------------------|---|
| 10:30 – 10:50 am | Insecticide Resistance Management: A Long Term Strategy to Ensure Effective Pest Control in the Future
<i>Elanco (C2841)</i> |
| 11 – 11:20 am | Circadian Eggs. Natural Lighting Makes Everyone Happier
<i>Once, Inc. (C2711)</i> |
| 11:30 – 11:50 am | Taking a New Trace Mineral to the Marketplace
<i>Kemin Industries, Inc. (C2529)</i> |
| 1 – 1:50 pm | Protect the Flock - Establish and Carefully Follow Good Biosecurity Practices,
<i>USDA-APHIS</i> |
| 2 – 2:20 pm | Lipase for Broiler Nutrition
<i>Shenzhen Leveking Animal Nutrition Co., Ltd. (B7929)</i> |
| 2:30 – 2:50 pm | Freezing Technologies
<i>Tippman Innovation (C762)</i> |
| 3 – 3:20 pm | Dosing Slide vs. Dosing Screw
<i>KSE Process Technology (B7878)</i> |
| 3:30 – 3:50 pm | Bridging the Gap in Feeding Antibiotic Restricted Broilers
<i>Hamlet Protein, Inc. (C2615)</i> |
| 4 – 4:20 pm | In Vitro Testing and Chiller Bath Treatments with a Novel Pharmaceutical Formulation of Hypochlorous Acid (Hoci) Designed for Food Safety
<i>Aquilabs US LLC (B7877)</i> |

4:30 – 4:50 pm The Role of Methionine in Poultry Nutrition – Conventional and Alternative Sources of Amino Acids
LIPTOSA (B8280)

Wednesday, February 1

Hall C1305

9:30 – 9:50 am Advances in Food Safety Manufacturing for Combating *Listeria monocytogenes* in Sliced RTE Meats
Sono-Tek Corporation (B5275)

10 – 10:20 am Effects of a Specific Blend of Essential Oils and Oleoresins of Spices Compared to an Antibiotic Growth Promoter Program on the Broiler Performances
Laboratories PHODE (B7783/B7882)

10:30 – 10:50 am Innovative and Sustainable Poultry Production
Magnation Water Technologies (B7360)

11:00 – 11:50 am Media Training for Plant Operators
Janet Riley, North American Meat Institute

1 – 1:20 pm Let's Clear Off Confusion about Phytochemicals, A Big Family of Compounds with Many Origins and Properties
Vetagro (C3459)

1:30 – 1:50 pm Business Case for the Industrial Internet of Things
Interstates Companies (C2251)

2 – 2:50 pm The White House and The Feed Industry: What to Expect
Joel G. Newman, President & CEO, American Feed Industry Association

3 – 3:20 pm Compliance in the Cold Chain: Leveraging Current Technologies to Meet Verification and Record Keeping Requirements and Ensure Food Safety
Varcode USA (C425)

3:30 – 3:50 pm The Safe Use of Peracetic Acid in the Proteins Industry
ChemDAQ, Inc. (C1214)

4 – 4:20 pm Getting Your Chickens in a Row – First Steps in Planning for a New Facility
VAA, LLC (C2742)

4:30 – 4:50 pm VFD Audit Trail Management
GlobalVetLINK (C3627)

Thursday, February 2

Hall C1305

- | | |
|------------------|---|
| 9:30 – 9:50 am | Antimicrobial Effects to Host Mediated Response to Phytonutrients – A Shift in Paradigm
<i>PancosmaS.A (B8081)</i> |
| 10 – 10:20 am | Eco-efficiency Analysis for Animal Nutrition
<i>BASF Corp (C3263)</i> |
| 10:30 – 10:50 am | Next Generation Sequencing: Applications beyond Outbreak Investigations
<i>Neogen (C2153)</i> |
| 11 – 11:20 am | The Application of Rapid Turnaround of Semi-quantitative Non-culture Based Testing
<i>Roka Bioscience (B8168)</i> |
| 11:30 – 11:50 am | Needle Free Injector Design and the Control of Cross Contamination
<i>Stream Solutions, Inc. (C767)</i> |
