IPPE: Where the ENTIRE industry comes for solutions

**HALF A
MILLION
SQ. FT
OF EXHIBITED
PRODUCTS &
SERVICES**

Your business' health relies on innovation, incorporating technology and implementing the best practices in the industry. Connect with more than **30,000** industry professionals in feed, meat, poultry and more in Atlanta in January.

The U.S. Poultry & Egg Association, American Feed Industry Association and North American Meat Institute have integrated their exhibits, education programs and networking opportunities to create the largest annual event in the world for the poultry, feed and meat industries with revenues from the Expo reinvested back into your industry. A full week of education, cutting-edge technology and priceless networking opportunities with key leaders from the industries makes this a "must attend" event.

What makes IPPE the best business forum is careful planning, design and years of experience. In partnership with the American Meat Science Association, International Feed Industry Association, National Chicken Council, National Poultry and Food Distributors Association, National Renderers Association, Southern Poultry Science Society and Southern Conference on Avian Diseases, IPPE attracts all the experts to one place at one time. Join us for the 2017 IPPE, where the entire industry comes for solutions!
