Spanish Technical Seminar for Maximizing the Efficiency of the Poultry Industry Offered at 2016 IPPE

TUCKER, Ga. – Oct. 15, 2015 – U.S. Poultry & Egg Association is hosting its second annual “Seminario Técnico para Maximizar la Eficiencia de la Industria Avícola” (Technical Seminar for Maximizing the Efficiency of the Poultry Industry), which will be conducted entirely in Spanish. The program will discuss improvements in the areas of breeding, incubation, grow-out, egg production, processing and health. The full-day program is scheduled for Monday, Jan. 25, 2016, and is \$150 for all registered International Production & Processing Expo (IPPE) attendees.

The program will feature a variety of topics, including a World’s Poultry Industry Status; Effective and Realistic Biosecurity; Energy Cost Reductions and Performance Improvements: Layers – Lighting Programs for LED, Energy Savings for Incubation Plants; Integrated Management for Broiler Gut Health; Broiler Leg Problems and Impact in the Processing Plant; Emerging Diseases in the American Continent; Latest Advancements in Ventilation Systems: Broilers, Layers; and Future Nutritional Tendencies: Evaluating New Technology When Formulating Broiler Feed, Improvements in Granulation and Shell Quality in Egg Layers.

IPPE, the world’s largest annual poultry, feed and meat industry trade show, will be held Jan. 26-28, 2016. IPPE is a collaboration of three trade shows—International Feed Expo, International Poultry Expo and International Meat Expo—representing the entire chain of protein production and processing. The event is sponsored by the U.S. Poultry & Egg Association, American Feed Industry Association and the North American Meat Institute.

ABOUT IPPE

The International Production & Processing Expo (IPPE) is a collaboration of three shows - International Feed Expo, International Meat Expo and the International Poultry Expo - representing the entire chain of protein production and processing. The event is sponsored by the American Feed Industry Association (AFIA), North American Meat Institute (NAMI) and U.S. Poultry & Egg Association (USPOULTRY).

ABOUT AFIA

The American Feed Industry Association (AFIA) is the world's largest organization devoted exclusively to representing the business, legislative and regulatory interests of the U.S. animal feed industry and its suppliers. AFIA also is the recognized leader on international industry developments. Member-companies are livestock feed and pet food manufacturers, integrators, pharmaceutical companies, ingredient suppliers, equipment manufacturers and companies which supply other products, services and supplies to feed manufacturers.

ABOUT NAMI

The North American Meat Institute (NAMI) is the leading voice for the meat and poultry industry. Formed from the 2015 merger of the American Meat Institute (AMI) and North American Meat Association (NAMA), the Institute has a rich, century-long history and provides essential member services including legislative, regulatory, scientific, international and public affairs representation. NAMI's mission is to shape a public policy environment in which the meat and poultry industry can produce wholesome products safely, efficiently and profitably. Together, the Institute's members produce the vast majority of U.S. beef, pork, lamb and poultry and the equipment, ingredients and services needed for the highest quality products.

ABOUT USPOULTRY

U.S. Poultry & Egg Association (USPOULTRY) is the all-feather organization representing the complete spectrum of today's poultry industry, whose mission is to progressively serve member companies through research, education, communication and technical assistance. Founded in 1947, USPOULTRY is based in Tucker, Ga.
