Tech XChange Offers IPPE Attendees Information on Relevant Industry Topics

TUCKER, Ga. – Jan. 5, 2016 – The International Production & Processing Expo (IPPE) is offering attendees a variety of free 20-minute technical presentations on current topics affecting the feed, meat and poultry industries. The Tech XChange program will be held on the trade show floor of the Georgia World Congress Center in Atlanta, Ga., from Jan. 26 – 28.

Tech XChange will provide presentations that will address many issue areas, including food safety, animal welfare, sustainability, feed production and other topics. Each presentation will be led by an IPPE exhibitor that will share their expertise and experience with attendees on the topic of the session. Attendees can participate in the free Tech XChange education presentations from 11 a.m. – 4:30 p.m. on Tuesday, Jan. 26, and from 10 a.m. – 4 p.m. on Wednesday, Jan. 27, in Booth A-3347 in the A-Hall and in Booth B-8805 in the B-Hall.

The Tech XChange presentation schedule can be viewed below, by clicking [here](#), or through the IPPE Mobile App under the “Education” search. Stay current on the information, education programs and activities planned for IPPE by downloading the IPPE Mobile App [here](#).

More information about IPPE, including registration details and lodging, is available at www.ippexpo.org.

IPPE is expected to attract more than 28,000 attendees and is a collaboration of three trade shows—International Feed Expo, International Poultry Expo and International Meat Expo—representing the entire chain of protein production and processing.

Tuesday, Jan. 26

Times	Tech X-Change: Booth A-3347	Content provided by:
11:00-11:20	Organic Acids: An Opportunity for the US Swine Industry to Reduce Antibiotic Use	Eastman Chemical Company
11:30-11:50	Evaluation of the Effects of DFM Blends on Broiler Performance	BIO-CAT Microbials
1:30-1:50	The Importance of Gut Health in Antibiotic Free Production	Biomin America, Inc.
2:00-2:20	The Buhler Coolex Cooling for the Perfect Pellet	Buhler, Inc.
2:30-2:50	The Importance of Early Nutrition on Broiler Growth and Development	Hamlet Protein, Inc.
3:00-3:20	Recycled Paper Products for Healthier Chicks	Jackson Paper Poultry Products
3:30-3:50	Meta-Analysis of the Influence of Live Yeast on Feed Intake in Lactating Sows	Lallemand Animal Nutrition
4:00-4:20	Comprehensive Approach to <i>Salmonella</i> Control in Poultry	Elanco Animal Health
Times	Tech X-Change: Booth B-8805	Content provided by:
11:00-11:20	Dry Hatch Incubation	EMKA Incubators
11:30-11:50	Establishing an Additional Profit Center in Your Operation	Farmer Automatic of America, Inc./ Aggero
12:00-12:20	Early Feeding: The Key to Antibiotic-Free Production	HatchTech
1:30-1:50	Managing Embryonic Heat	Jamesway Incubator Company, Inc.
2:00-2:20	A Clean Label Solution to Limiting Growth and Increasing Heat Susceptibility of <i>Salmonella E.coli</i>	Newly Weds Foods
2:30-2:50	Supply Chain Resiliency: Biosecurity and Disease Mitigation for the Poultry and Egg Industry	SES, Inc.
3:00-3:20	Combustible Dust Control: Do You Need a Managed or Engineered Approach?	Sonic Aire by IES
3:30-3:50	Lobe Pumps for DAF	Vogelsang
4:00 - 4:20	Bindease	Asenzya

Wednesday, Jan. 27

Times	Tech X-Change: Booth A-3347	Content provided by:
10:00-10:20	Feed Ingredients Use and Processing Improvements - Using FT-NIR	Bruker Optics
10:30-10:50	Solving Poultry Production Problems with Modeling Tools	Cargill
11:00-11:20	The Emergence of Evolution of the Global Food Safety Initiative (GFSI) and Implications for the Feed Industry	NSF International
11:30-11:50	Poultry Health Tracking System (HTS) and the Intestinal Integrity (I2) Metric	Elanco Animal Health
1:00-1:20	Full Size Direct Drive Wall Fans - Technology, Control Strategy, Physics, Energy Efficiency Challenges	DACS A/S
1:30-1:50	Using Microtracers to Validate Mixing and Cross Contamination Control Procedures and Code for Critical Microingredients	Micro-Tracers, Inc.
2:00-2:20	Is LED Lighting the Best Solution for Your Enterprise Lighting Needs	Genius Lighting LLC
2:30-2:50	Feed to Farm Traceability - How Technology can Extend Control	WEM Automation
3:00-3:20	Critical Design Steps for Upgrading or Expanding Feed and Poultry Facilities	ADF Engineering
3:30-3:50	LED Lighting Systems are Data Proven to Enhance Animal Well-Being	Once Innovations

4:00-4:20	RWA Advantage Program – A Unique Combination of Diagnostics and Biosecurity to Improve Performance Indicators	Neogen Corporation
Times	Tech X-Change: Booth B-8805	Content provided by:
10:00-10:20	New Detection Technologies Validate Package Integrity	JLS Automation
10:30-10:50	Innovative Electrostatic Spraying of Antimicrobials in the Poultry Industry - Achieving a More Complete and Efficient Coverage	Electrostatic Spraying Systems
11:00-11:20	Existing Technology in New Rental Equipment	Sunbelt Rentals
11:30-11:50	Newest Trends and Technology in Wastewater Handling	Epstein
12:00-12:20	Eliminate and Destroy Salmonella with Bacteriophage-based Technology	Intralytix
1:30-1:50	Micro Carbon Technology. A Sustainable Proven Technology to Improve Wastewater Efficiency	Probiotic Solutions
2:00-2:20	Applications for Salmonella Limits Testing Upstream, Downstream and During Processing for Improved Pathogen Control	Roka Bioscience
2:30-2:50	Results from Continuous Monitoring of Ammonia Levels in Broiler Housing Using Optical Sensor Technology	Lumense
3:00-3:20	Everything You Need to Know About the Rise of the Smart Factory	Worximity Technology, Inc.
3:30-3:50	Extending Pellet Mill Lifecycle by Adjusting Grease Type and Frequency	Jax, Inc.

###

ABOUT IPPE

The International Production & Processing Expo (IPPE) is a collaboration of three shows - International Feed Expo, International Meat Expo and the International Poultry Expo - representing the entire chain of protein production and processing. The event is sponsored by the American Feed Industry Association (AFIA), North American Meat Institute (NAMI) and U.S. Poultry & Egg Association (USPOULTRY).

ABOUT AFIA

The American Feed Industry Association (AFIA) is the world's largest organization devoted exclusively to representing the business, legislative and regulatory interests of the U.S. animal feed industry and its suppliers. AFIA also is the recognized leader on international industry developments. Member-companies are livestock feed and pet food manufacturers, integrators, pharmaceutical companies, ingredient suppliers, equipment manufacturers and companies which supply other products, services and supplies to feed manufacturers.

ABOUT NAMI

The North American Meat Institute (NAMI) is the leading voice for the meat and poultry industry. Formed from the 2015 merger of the American Meat Institute (AMI) and North American Meat Association (NAMA), the Institute has a rich, century-long history and provides essential member services including legislative, regulatory, scientific, international and public affairs representation. NAMI's mission is to shape a public policy environment in which the meat and poultry industry can produce wholesome products safely, efficiently and profitably. Together, the Institute's members produce the vast majority of U.S. beef, pork, lamb and poultry and the equipment, ingredients and services needed for the highest quality products.

ABOUT USPOULTRY

U.S. Poultry & Egg Association (USPOULTRY) is the all-feather organization representing the complete spectrum of today's poultry industry, whose mission is to progressively serve member companies through research, education, communication and technical assistance. Founded in 1947, USPOULTRY is based in Tucker, Ga.
