IPPE Recognized as One of TSNN's Top 25 Fastest-Growing Trade Shows

TUCKER, Ga. – May 8, 2017 – The International Production & Processing Expo (IPPE) is pleased to announce its recognition by Trade Show News Network (TSNN) as one of the top 25 fastest-growing shows in net square footage. The top 25 winners in net square footage growth from 2014 to 2016 cover a wide range of industries. IPPE, which is sponsored by the U.S. Poultry & Egg Association, the American Feed Industry Association and the North American Meat Institute, will be honored at the ninth annual TSNN Awards to be held Aug. 21-23, in New Orleans, La.

“IPPE is honored to be recognized for its growth. We have seen a 15 percent growth in net square feet from 2014 to 2016, and this could not have been achieved without the commitment of a great supplier community who appreciates smart collaborations between the right industries. Bringing three strong industries together allows all of our members and the industry at large to see the equipment, supplies and innovative solutions for their businesses in one combined event,” said IPPE show organizers.

The 2018 IPPE will take place Tuesday through Thursday, Jan. 30 – Feb. 1, at the Georgia World Congress Center in Atlanta, Ga. The Expo is expected to exceed 500,000 net square feet with more than 30,000 attendees and 1,200 exhibitors. The event is the world's largest annual poultry, feed and meat industry Expo. Show updates and attendee and exhibitor information are available at www.ippexpo.org.
