2019 IPPE Exceeds 600,000 Square Feet and 1,415 Exhibitors

TUCKER, Ga. – Jan. 23, 2019 – The 2019 International Production & Processing Expo (IPPE) has surpassed 600,000 square feet of exhibit space and has secured more than 1,415 exhibitors with three weeks remaining until the show opens. This year’s Expo will have the largest trade show floor with the most exhibitors in IPPE’s history!

“Ninety-nine percent of the show floor has been booked. With all three halls of the Georgia World Congress Center covered in exhibits, this is going to be an exciting show that you will not want to miss,” commented IPPE show organizers. IPPE is sponsored by the U.S. Poultry & Egg Association (USPOULTRY), the American Feed Industry Association (AFIA) and the North American Meat Institute (NAMI).

The 2019 IPPE will provide attendees with a full week of education programs, innovative technology, engaging activities on the show floor and enhanced networking opportunities with key leaders from the animal food, meat and poultry industries. The vast trade show floor will showcase the latest technology, equipment and services used in the production and processing of animal food, meat and poultry products. Combining the expertise from AFIA, NAMI and USPOULTRY, IPPE will also feature more than 200 hours of dynamic education sessions focused on current industry issues. To stay current on the information, education programs and activities planned for IPPE, download the IPPE [mobile app](#).

ABOUT IPPE

The International Production & Processing Expo (IPPE) is a collaboration of three shows - International Feed Expo, International Meat Expo and the International Poultry Expo - representing the entire chain of protein production and processing. The event is sponsored by the American Feed Industry Association (AFIA), North American Meat Institute (NAMI) and U.S. Poultry & Egg Association (USPOULTRY).

ABOUT AFIA

Founded in 1909, the American Feed Industry Association (AFIA), based in Arlington, Va., is the world's largest organization devoted exclusively to representing the business, legislative and regulatory interests of the U.S. animal food industry and its suppliers. The organization's membership is comprised of more than 680 domestic and international companies that represent the total feed industry—manufacturers of commercial and integrated feed and pet food, ingredient suppliers, pharmaceutical companies, industry support and equipment manufacturers. AFIA members manufacture more than 75 percent of the feed and 70 percent of the non-grain ingredients used in the country. AFIA is also recognized as the leader on international industry developments and holds membership in the International Feed Industry Federation (IFIF).

ABOUT NAMI

The North American Meat Institute (NAMI) is the leading voice for the meat and poultry industry. Formed from the 2015 merger of the American Meat Institute (AMI) and North American Meat Association (NAMA), the Institute has a rich, century-long history and provides essential member services including legislative, regulatory, scientific, international and public affairs representation. NAMI's mission is to shape a public policy environment in which the meat and poultry industry can produce wholesome products safely, efficiently and profitably. Together, the Institute's members produce the vast majority of U.S. beef, pork, lamb and poultry and the equipment, ingredients and services needed for the highest quality products.

ABOUT USPOULTRY

U.S. Poultry & Egg Association (USPOULTRY) is the all-feather organization representing the complete spectrum of today's poultry industry, whose mission is to progressively serve member companies through research, education, communication and technical assistance. Founded in 1947, USPOULTRY is based in Tucker, Ga.
