## **2022 IPPE Attendee Registration and Housing Opens Oct. 4**

TUCKER, Ga. – Sept. 29, 2021 – Attendee registration and general housing for the 2022 International Production & Processing Expo (IPPE) opens Monday, Oct. 4. With more than 520,000 square feet of exhibit space and 1,046 exhibitors, the IPPE trade show floor continues to grow with four months remaining to the Expo. Be sure to [register online](#) to receive a discounted price of \$75 (USD) through Jan. 7, 2022. Beginning Jan. 8, the registration rate will increase to \$125.

“The U.S. has announced that travel restrictions for international visitors who are vaccinated against COVID-19 will ease in November. We look forward to welcoming our domestic and international attendees to the 2022 IPPE!” commented IPPE show management.

The health and safety of everyone who attends IPPE continues to remain a top priority. IPPE is monitoring the changing protocols based on the Centers for Disease Control and Prevention guidelines and will follow state and local government requirements regarding the coronavirus (COVID-19). Regular updates will be provided to all stakeholders as the situation warrants.

The 2022 IPPE will provide a full week of education programs, in addition to new technology, events on the show floor and networking opportunities with key leaders from the animal food, meat and poultry industries. The vast trade show floor will showcase the most current innovations, equipment and services used in the production and processing of animal food, meat and poultry products. Combining the expertise from the American Feed Industry Association, North American Meat Institute and U.S. Poultry & Egg Association, IPPE will also feature countless hours of dynamic education sessions focused on the latest industry issues.

Through Jan. 7, the “Members to Atlanta” (M2A) program waives the registration fee for qualified attendees from member companies of all three associations engaged in the production of poultry, eggs and meat for consumption, production of feed, and for pet food manufacturers. The program is supported through the sponsorship of elite IPPE exhibitors, which include Aviagen, BarnTools, Ceva Animal Health, Cobb-Vantress, Elanco Animal Health, Georgia Poultry Equipment Co., Heat and Control, Huvepharma, Jamesway Incubator Co., Kemin Industries, Soybean Meal Information Center, Van der Graaf and Zoetis.

“We sincerely thank and appreciate these elite exhibiting companies for participating in and supporting the M2A program. The program continues to deliver results in increasing attendance and contributing to the success of IPPE,” said IPPE show management.

**ABOUT IPPE**

The International Production & Processing Expo (IPPE) is a collaboration of three shows - International Feed Expo, International Meat Expo and the International Poultry Expo - representing the entire chain of protein production and processing. The event is sponsored by the American Feed Industry Association (AFIA), North American Meat Institute (NAMI) and U.S. Poultry & Egg Association (USPOULTRY).

**ABOUT AFIA**

Founded in 1909, the American Feed Industry Association (AFIA), based in Arlington, Va., is the world’s largest organization devoted exclusively to representing the business, legislative and regulatory interests of the U.S. animal food industry and its suppliers. The organization’s membership is comprised of more than 650 domestic and international companies that represent the total feed industry—manufacturers of commercial and integrated feed and pet food, ingredient suppliers, pharmaceutical companies, industry support and equipment manufacturers. AFIA’s members manufacture more than 75% of the feed and 70% of the non-whole grain ingredients used in the country. AFIA is also recognized as the leader on international industry developments and holds membership in the International Feed Industry Federation (IFIF).

**ABOUT NAMI**

The North American Meat Institute (NAMI) is the leading voice for the meat and poultry industry. Formed from the 2015 merger of the American Meat Institute (AMI) and North American Meat Association (NAMA), the Institute has a rich, century-long history and provides essential member services including legislative, regulatory, scientific, international and public affairs representation. NAMI’s mission is to shape a public policy environment in which the meat and poultry industry can produce wholesome products safely, efficiently and profitably. Together, the Institute’s members produce the vast majority of U.S. beef, pork, lamb and poultry and the equipment, ingredients and services needed for the highest quality products.

**ABOUT USPOULTRY**

U.S. Poultry & Egg Association (USPOULTRY) is the All Feather Association progressively serving its poultry and egg members through research, education, communications and technical services. Founded in 1947, USPOULTRY is based in Tucker, Georgia.
