**Excelitas to Feature BlueLight UVC Disinfection Systems at the
International Production & Processing Expo**

WHO: [Excelitas®](#), a leading provider of advanced, life-enriching technologies that make a difference, serving global market leaders in the life sciences, advanced industrial, next-generation semiconductor and avionics sectors, will unveil its BlueLight® flash UVC disinfection system for food and packaging production at the [International Production & Processing Expo \(IPPE\)](#). Excelitas will also present a session on pulsed light sterilization of substrates in the food and beverage industry.

WHAT: Featured solutions at Excelitas Booth #BC34105 include:

- [BlueLight Flash Small Area UVC Disinfection System](#): The BlueLight Flash Small Area Disinfection System provides a fast, reliable and eco-friendly solution for disinfection without the use of harmful chemicals or mercury-based light sources. It achieves a reduction of more than 4 logs in microbial load, operating efficiently at high throughputs of up to 500 square meters per hour. This flexible system has been designed for disinfecting food packaging, such as beverage bottle caps and containers for organic products such as chicken portions.
- [BlueLight SteriBelt UVC Disinfection System](#): BlueLight SteriBelt is a high-performance UVC system for disinfecting conveyor belt surfaces in the meat processing industry. Designed to address the numerous challenges related to HACCP hygiene regulations for conveyor belt disinfection, it offers an ideal solution for food producers looking to improve food safety.

Session details:

- [Pulsed Sterilization of Substrates in the Food and Beverage Industry](#)
David Collins, Senior Director of Life Sciences and Medical Products for Excelitas
Tuesday, January 27 from 10:30 – 10:50 a.m. ET
TECHTalks: C Hall, Booth C14128

WHEN: January 27 – 29, 2026

WHERE: Excelitas Booth #BC34105
Georgia World Congress Center, Atlanta, GA, USA

About Excelitas

Excelitas is a leading provider of advanced, life-enriching technologies that make a difference, serving global market leaders in the life sciences, advanced industrial, next-generation semiconductor and avionics end markets. Headquartered in Pittsburgh, PA, USA, Excelitas is an essential partner in the design, development and manufacture of advanced technologies, offering leading-edge innovation in sensing, detection, imaging, optics and specialty illumination for customers worldwide. Excelitas is at the forefront of addressing many of the relevant megatrends impacting the world today, including precision medicine, industrial automation, artificial intelligence and connected devices (IoT).

Connect with Excelitas on [LinkedIn](#), [Facebook](#), [X](#) and [Instagram](#), or visit www.excelitas.com for more information.
