For Immediate Release

Hansen-Rice, Inc. (HRI) announces the release of its updated **Guide to OEM Evaluation and Procurement Strategies**.

Available to companies planning and developing CAPEX projects, the guide provides an overview of the step-by-step process for mitigating risks around selecting and procuring equipment and long-lead items.

Interested parties may connect with HRI in three ways:

**Visit our IPPE booth: C17142 – Ask for the Guide.**

Call Jon Crozier, Business Manager: (208) 989-5369
