FOR IMMEDIATE RELEASE

***First-time IPPE Exhibitor Skillwork Brings New Solution to Industrial Staffing Problem***

OMAHA, NE (January 5, 2024) - Appearing for the first time as an exhibitor at the International Production & Process Expo (IPPE) in Atlanta, skilled trades staffing company [Skillwork](#) presents their workforce solution to an industry facing critical staffing shortages.

Can't keep your industrial maintenance teams fully staffed? You're not the only one. The skilled labor shortage is affecting manufacturing companies across the country, and the crisis continues to grow as the number of baby boomers retiring from maintenance roles continues to increase.

Skillwork, the premier skilled trades staffing agency, has a solution to this problem. It's called the augmented workforce, and it's the future of industrial staffing. By focusing exclusively on the skilled trades and using their proprietary model, Skillwork recruits, tests, vets and hires top-skilled labor talent.

Unlike other staffing solutions or temp agencies, Skillwork covers all W-2 employment expenses, so you can focus on the project requirements you need our workers to fulfill. Skillwork augments your operations, working alongside your existing teams, so that you accomplish more without risk of burning out your current staff.

Interested in learning more? Please visit the [Skillwork](#) website or call us at (402) 301-7314.

**Stop by booth B50057** to learn more about Skillwork and how their augmented workforce solution can work for you. While you're there, scan your badge to be entered in their prize drawings\* for a pair of Apple AirPods.

###

*About Skillwork: Skillwork is the premier staffing agency focusing exclusively on skilled labor. Our carefully vetted and highly skilled workers augment your existing teams for elevated impact and decreased downtime. Partnering with top manufacturing facilities in the U.S., Skillwork deploys traveling industrial technicians for work on a contract basis. Using our innovative model we have critically evaluated and deployed thousands of qualified workers to over 130 facilities in more than 30 states. Our philosophy is simple - to honor God in all we do, bring respect back to the skilled trades, and positively impact those around those - and we are grateful for the opportunity to serve our customers.*
