## TURNKEY EGG PROCESSING LINES

### LIQUID AND EGG POWDER PRODUCTION

*Just bring your shell eggs, we build your plant*

**OVOCOMPACT**

**OVOLINE**

**OVODRYER**

From 50,000 eggs a day with our entry scale line **OVOCOMPACT** to 4,000,000 eggs a day with our fully automatic **OVOLINE**, we provides you complete inline solutions from breaking to filling to produce high quality pasteurized liquid egg products meeting the most stringent standards of the food industry.

For production of high quality powders (regular or specific) with excellent dissolving capacities, choose our **OVODRYER** line.

DESIGNED & MANUFACTURED BY
