

SAVE THE DATE: BioChek IPPE Lunch Meeting, February 1st

Scarborough, Maine – December, 2016

BioChek is pleased to announce a very special lunch meeting during the International Production & Processing Expo 2017, on Wednesday February 1st. We will provide lunch, during which there will be a talk by Brenda Parker Glidewell, with a Q&A to follow. We hope you can join us for this interesting lunch meeting during the IPPE. Save the date and sign up now! We have limited seats available so RSVP as soon as possible.

"Advancements in Mycoplasma Screening at the Georgia Poultry Laboratory Network" by Brenda Parker Glidewell, M.S.

Brenda Parker Glidewell, M.S., Director of Serology and Quality, Georgia Poultry Laboratory Network, Gainesville, GA. The Serology Department runs two Liquid Handling Systems (LHS) or Robots. Approximately 1,000,000 ELISA tests are conducted in the Serology Department annually with the use of the Robots. The GPLN is the official NPIP Laboratory for the State of Georgia where MG, MS, AI, and Pullorum-Typhoid tests are

conducted. Brenda is a native of Mississippi and received her Master of Science Degree in Microbiology from Mississippi State University.
