

HOWE®

Ice Machines for Food Processing

Founded in 1912, Howe Corporation is the worldwide leader in flake ice machines. The company offers a wide range of products and services designed to consistently exceed the expectations of our customers and be their first choice when selecting flake ice equipment. Product offerings start at 1,000 pounds up through 20,000 pounds of flake ice production per day. Models available for virtually every refrigerant including natural refrigerants such as ammonia and CO₂. Howe also offers HFC matching condensing units as well as a wide array of ice storage bin solutions.
