

Since 1984, **Marketplace Chaplains USA**, with roots deep in the poultry and meat industry, delivers a personalized and proactive Employee Care Service through Chaplain Care Teams serving the employees and family members of public and private companies.

These Chaplain Care Teams are comprised of highly qualified, trained and experienced male, female and multi-lingual Chaplains specifically selected to invest in the well-being of companies and their people.

Marketplace Chaplains serves such great industry companies as Pilgrims, Brown Packing, L&H Packing, Rudolph Foods, and U.S. Poultry & Egg as well as over 750 other companies in the United States, Mexico, Europe, Canada and Asia.

Company Presidents, CEOs, Owners and professional Human Resource leaders, wanting to differentiate their work environment, are utilizing this unique approach to extend, enhance and broaden their level of care to their most valuable asset – employees and their families.

Marketplace Chaplains develops trusting relationships with employees through regularly scheduled, weekly worksite visits connecting with employees on every shift. Chaplains help with the most personal and significant areas of life: marriages, parenting, health, anger, substance abuse, depression, grief, faith.

The chaplain is at the hospital for birth and for surgery, visits in homes, nursing homes, coffee shops, and officiates at the funerals of employees and family members. This 24/7 wherever and whenever in-person Care Service is a most valuable help and investment in the well-being of employees and the ongoing health of companies and their culture.

“In the workplace things happen all the time and some needs are noticed, but most are not,” said Steve Sullins, a Marketplace Chaplains client company CEO. “Just the mere presence of a Chaplain Care Team can make the difference between neglect and real help.”

Increased productivity, retention, attendance, safety and teamwork with greater personal value are all positive results companies have realized by forming a “partnership of caring” with **Marketplace Chaplains– the world’s original and leading workplace chaplaincy provider.**

Marketplace Chaplains is participating in IPPE for the 5th consecutive year. We will be in **Hall C at Booth 1229** to meet and discuss the value of this exceptional care service for your people and your company.
