

New Product Release

PolyConversions Inc, the USA manufacturer of innovative protective apparel solutions, is proud to announce the addition of VR™ *Heavy Duty 12 mil Strapped and Grommet Aprons*, to their VR Protective Wear line of durable, cost effective personal protective apparel.

These two new VR HD Aprons are designed as an equally durable apparel alternative to 16-22 mil vinyl, polyurethane or other reinforced material aprons — but offer more comfort, lighter weight and lower cost.

The VR HD Adjustable Strap Apron offers the user an ergonomic, one-piece self material neck strap construction with easy-on/easy-off secure buckle for greater productivity. Self material waist ties add to the convenience towards donning and doffing this durable apron alternative. Blue is the standard color available but additional colors could be produced based on minimum quantity orders.

The VR HD Grommet Apron offers neck and waist ties allowing for more maximum user adjustment and comfort. Utilizing ultrasonically attached grommets for strong and durable tie to apron adjustment. This apron is also available with a weighted bottom version for applications where strong air flow exists. Blue is the standard color available but additional colors could be produced based on minimum quantity orders.

PolyCo's new VR Protective Wear aprons, contain no toxic substances or plasticizers, offering light weight, reusable, disposable and environmentally friendly garments for contamination control use in the industrial, food processing, critical environment and medical industries. The VR line of products also includes various other Aprons, Gowns, Bootcovers, Shoe covers, Sleeve Gloves, RainWear and Sleeves.

PolyCo is also the USA manufacturer of *PolyWear™ Disposable Gowns*, designed to provide lightweight, full frontal barrier protection against chemical and biological pathogenic contaminants. Gowns feature contoured thumb-loops securing gown sleeve under gloves. Tear-away neck-loop facilitates quick gown removal and one time use disposal. Three sizes and 7 colors (blue, white, yellow, green, red, purple, orange).
