

SCAFCO GRAIN SYSTEMS PRESS RELEASE

SCAFCO Grain Systems have been used on every continent and in over 80 different countries around the globe. Individual silos and projects delivered around the world are storing wheat, corn, soybeans, barley, sorghum, rice, sunflowers, palm kernels, and other free-flowing products. Customers can rely on SCAFCO and our full line of commercial and farm silos, hopper-bottom silos, material handling equipment, as well as our complete line of accessories. SCAFCO is located in Spokane, Washington State, USA.

For more information, visit SCAFCO at the IPPE show, Booth #7265B or contact us at www.scafco.com
