

SEE to Exhibit Innovative Packaging Solutions at IPPE 2023
Company will feature digital, automation and sustainable solutions

CHARLOTTE, N.C., January 4, 2023 – Sealed Air (NYSE: SEE) will present more than 20 digital, automation and sustainable packaging solutions at the 2023 [International Production and Processing Expo](#) (IPPE).

IPPE is the world's largest annual display of technology, equipment, supplies and services used in the production and processing of meat, poultry and eggs. The show will be held January 24-26 in Atlanta. SEE will exhibit selections from its food packaging portfolio at booth C12023.

“SEE and the CRYOVAC[®] brand are trusted names in food packaging and we're excited to once again bring our innovative products, solutions and technology to IPPE,” said Tobias Grasso, SEE President of the Americas. This year, we're bringing solutions that feature automated technology, sustainable benefits and digital printing. We look forward to appealing to a broad range of customers and industries within the food sector.”

For those who cannot attend IPPE in person, SEE will offer free virtual roundtables with some of the company's leading food packaging experts:

- **Sustainable Case-Ready Solutions for Today's Digital Consumer** (January 25 at 1pm EST)
- **How Automation and Digital Packaging Can Transform Your Operations** (January 26 at 1pm EST)

Solutions on display at IPPE

On the show floor, SEE packaging experts will demonstrate the company's newest food solutions, which include:

Digital

- **[prismiq](#)[™] Digital Packaging Services**: full-service smart packaging design, printing, activation, and consultation for custom end-to-end system and facility integrations.
- **Design Studio**: a new web-based platform that provides customers with a personalized end-to-end experience to manage design, printing, and package ordering capabilities.
- **MySEE**: an e-commerce and customer experience platform.

Equipment

Automated solutions in food packaging are designed to bring consistency, efficiency and predictability to customers. SEE's full line of protein automation solutions will be featured at IPPE, including:

- **CRYOVAC[®] Brand AutoPrint 120**: on-demand bag printing solution for code and markings.
- **CRYOVAC[®] Brand AutoVac 86 Automated Rotary Vacuum Chamber System**: flexible and productive vacuum packaging system designed for fresh meat, processed meat and cheese.
- **CRYOVAC[®] Brand AutoAssist Pick-and-Place Robot**: for use with raw or packaged meat, this system is designed to pick up products from a conveyor belt and place them into packaging or boxes.
- **CRYOVAC[®] Brand AutoShrink 200, AutoChill 200 and AutoDry 200**: shrink film technology that uses intelligent automation for packaging products.

Sustainable Solutions

SEE has been making trays and rollstock for decades and the company is evolving the way they are made through innovations like plant-based materials and products containing post-consumer recycled materials:

- **CRYOVAC[®] Brand Darfresh[®] on Board Vacuum Skin Packaging**: top film with a cardboard tray that includes two-sided printing capabilities.
- **CRYOVAC[®] Brand Plant-Based Semi-Rigid Rollstock**: made with plant-based, renewable materials that offer barrier protection while reducing use of traditional plastic.
- **CRYOVAC[®] Brand Pre-Made Stand-Up and Side Pouches**: available in a variety of film options, these pouches can be paired with automated bagging technology for increased speed and efficiency.

Rigid Trays

SEE will be exhibiting a full line of rigid trays, including overwrap trays, rigid vacuum skin packaging trays and modified atmospheric pressure trays, including some that incorporate post-consumer recycled content. Examples of some of the products on display include:

- **CRYOVAC[®] Brand Darfresh[®] Vacuum Skin Packaging:** full portfolio of tray, board and rigid tray options, including ones made of post-consumer recycled material.
- **CRYOVAC[®] Brand Preformed MAP Trays:** preformed trays made from high barrier, polypropylene material that extends shelf life; also available in material made from post-consumer recycled content.
- **CRYOVAC[®] Brand Preformed Overwrap Trays:** top film and tray using rolled-rim technology for case-ready food. Available in side-end-seal film that can be made with 30% recycled content.
- **CRYOVAC[®] Brand Preformed HydroLoQ MAP Trays:** hermetically sealed, padless trays that create a leakproof, visually-appealing display for customers; also available in material made from post-consumer recycled content.

SEE Services

- **SEE[™] Advanced Maintenance Program Enabled by SEE[™] Smart Link:** A proactive, preventive maintenance plan designed to help improve uptime and the yield rates of CRYOVAC[®] brand packaging equipment.

About SEE

Sealed Air (NYSE: SEE) is in business to protect, solve critical packaging challenges, and make our world better than we find it. Our automated packaging solutions promote a safer, more resilient, and less wasteful global food, fluids and liquids supply chain, enable e-commerce, and protect goods transported worldwide.

Our globally recognized brands include **CRYOVAC[®]** brand food packaging, **SEALED AIR[®]** brand protective packaging, **AUTOBAG[®]** brand automated systems, **BUBBLE WRAP[®]** brand packaging, **SEE Automation[™]** solutions and **prismiQ[™]** smart packaging and digital printing.

SEE's Operating Model, together with our industry-leading expertise in materials, automation, engineering and technology, create value through more sustainable, automated, and digital packaging solutions.

We are leading the packaging industry in creating a more environmentally, socially, and economically sustainable future and have [pledged](#) to design or advance 100% of our packaging materials to be recyclable or reusable by 2025, with a [bolder goal](#) to reach net-zero carbon emissions in our global operations by 2040. Our [Global Impact Report](#) highlights how we are shaping the future of the packaging industry. We are committed to a diverse workforce and caring, inclusive culture through our [2025 Diversity, Equity and Inclusion pledge](#).

SEE generated \$5.5 billion in sales in 2021 and has approximately 16,500 employees who serve customers in 114 countries/territories. To learn more, visit sealedair.com.

Website Information

We routinely post important information for investors on our website, sealedair.com, in the Investors section. We use this website as a means of disclosing material, non-public information and for complying with our disclosure obligations under

Regulation FD. Accordingly, investors should monitor the Investors section of our website, in addition to following our press releases, SEC filings, public conference calls, presentations and webcasts. The information contained on, or that may be accessed through, our website is not incorporated by reference into, and is not a part of, this document.

Forward-Looking Statements

This press release contains “forward-looking statements” within the meaning of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 concerning our business, consolidated financial condition and results of operations. Forward-looking statements are subject to risks and uncertainties, many of which are outside our control, which could cause actual results to differ materially from these statements. Therefore, you should not rely on any of these forward-looking statements. Forward-looking statements can be identified by such words as “anticipate,” “believe,” “plan,” “assume,” “could,” “should,” “estimate,” “expect,” “intend,” “potential,” “seek,” “predict,” “may,” “will” and similar references to future periods. All statements other than statements of historical facts included in this press release regarding our strategies, prospects, financial condition, operations, costs, plans and objectives are forward-looking statements. Examples of forward-looking statements include, among others, statements we make regarding expected future operating results, expectations regarding the results of restructuring and other programs, anticipated levels of capital expenditures and expectations of the effect on our financial condition of claims, litigation, environmental costs, contingent liabilities and governmental and regulatory investigations and proceedings. The following are important factors that we believe could cause actual results to differ materially from those in our forward-looking statements: global economic and political conditions, currency translation and devaluation effects, changes in raw material pricing and availability, competitive conditions, the success of new product offerings, consumer preferences, the effects of animal and food-related health issues, the effects of epidemics or pandemics, including the Coronavirus Disease 2019, negative impacts related to the ongoing conflicts between Russia and Ukraine and related sanctions, export restrictions and other counteractions thereto, changes in energy costs, environmental matters, the success of our restructuring activities, the success of our merger, acquisition and equity investment strategies, the success of our financial growth, profitability, cash generation and manufacturing strategies and our cost reduction and productivity efforts, changes in our credit ratings, the tax benefit associated with the Settlement agreement (as defined in our most recent Annual Report on Form 10-K), regulatory actions and legal matters, and the other information referenced in the “Risk Factors” section appearing in our most recent Annual Report on Form 10-K, as filed with the Securities and Exchange Commission, and as revised and updated by our Quarterly Reports on Form 10-Q and Current Reports on Form 8-K. Any forward-looking statement made by us is based only on information currently available to us and speaks only as of the date on which it is made. We undertake no obligation to publicly update any forward-looking statement, whether written or oral, that may be made from time to time, whether as a result of new information, future developments or otherwise.
