W.P. Law, Incorporated to Exhibit at 2019 International Production and Processing Expo

W.P. Law, Inc., a leading supplier of fluid handling equipment, has announced that it will be participating in the world's largest annual poultry, feed and meat technology tradeshow in Atlanta, Georgia. The International Production and Processing Expo will happen between February 12th-14th at the Georgia World Congress Center.

Founded in 1970, W.P. Law Incorporated carries all of the products needed to keep fluid delivery systems operating at peak performance. They have four locations throughout the state of South Carolina. This will be their first appearance at this international event.

Terry Brady, W.P. Law, Inc. president says that, "We are grateful for the opportunity to showcase some of our products at this show and are thrilled to be introducing some new innovations. We also look forward to the opportunity to network with other leading professionals and corporations in the industry."

W.P. Law, Incorporated will have a variety of Barmesa pumps on display. Barmesa Pumps, LLC has been manufacturing submersible sump and sewage pumps, self-priming and end suction centrifugal pumps, as well as a variety of solids handling pumps for more than 60 years.

"We are extremely impressed with the capabilities of Barmesa Pumps, LLC. Our partnership with them is a tremendous asset to our company. We are very similar in that we are both family run operations that have a commitment to quality products," Brady said.

For more information about W.P. Law, Incorporated, visit their website, www.wplawinc.com. Also, visit them at booth B8376 at the IPPE Expo.
