

Project: ADM New Pre-Mix Facility Effingham, Illinois

Younglove Construction, L.L.C., of Sioux City, Iowa, provided engineering, design, and construction services to ADM for their new pre-mix facility in Effingham, Illinois. Key features include:

- Pre-mix facility building
- Slipform construction tower with the capacity to store 2,204 tons of ingredients in 40 bins
- Nine-story process tower with three batching and mixing systems
- Finished product truck loadout with a capacity of 285 tons of storage in 6 bins
- Concrete tilt-up ancillary buildings

Providing outstanding commitment to service and quality for more than 120 years, Younglove Construction is the premier builder of agricultural and food industry facilities. Younglove's experienced and dedicated team of designers, engineers, project managers, and workers builds enduring value and trust through continuous process improvement based on safety and quality, resulting in outstanding customer satisfaction.
