GENERAL INSTRUCTIONS FOR SUBMISSION OF ABSTRACTS

INTERNATIONAL POULTRY SCIENTIFIC FORUM
Georgia World Congress Center, Atlanta, Georgia
January 29-30, 2024

Sponsored by: Southern Poultry Science Society, Southern Conference on Avian Diseases and U.S. Poultry & Egg Association

DUE DATE: Must be submitted by 11:59 PM EST, Friday, November 10, 2023

GENERAL INFORMATION: Members are encouraged to submit research, teaching, and extension papers. Oral papers presentations and posters should consist of original, completed work that has not been accepted for publication in a journal. Members are encouraged to present research reports in poster sessions to expand the presentation of material, to facilitate discussion of research results among members, to diversify the meeting format, and to accommodate a greater number of abstracts. The International Poultry Scientific Forum program will be posted on the International Production and Processing Expo (IPPE) web site (www.ippexpo.org). Hard copies will be available at the meeting.

**Authors should be aware of patent considerations before submitting abstracts for publication.**

ABSTRACT SUBMISSION: Electronic submission of abstracts at no cost is the only method of submission. Abstracts must be submitted by 11:59 PM EST, Friday, November 10, 2023. Abstracts not meeting this deadline will not be accepted. Instructions for submitting the abstracts are available on the website; please read these before proceeding to create your abstract submission(s). After the deadline, it will not be possible to submit or edit abstracts. A tracking number and password will be assigned to you when submitting the abstract. It is very important that you keep a record of this information. You may revise submitted abstracts any time before the deadline but may only access your abstract using the password and tracking code. Do not submit the same abstract more than once. There is a limit of three (3) abstracts per submitting author. If you submit multiple abstracts, please submit only one (1) as an oral; the rest should be submitted as posters.

Note: Authors MUST indicate the following:

- Section Preference, (see below)
- Oral or Poster
- Graduate and Undergraduate Student Award Competition submissions:
  - Only one abstract per student permitted in award competition, EITHER ORAL OR POSTER, NOT BOTH
  - The ADVISOR’s name and contact information MUST be entered on the submission page AND included in the list of all authors in order to be reviewed for acceptance.
  - Competing student MUST be listed as first author.

**ABSTRACT REQUIREMENTS:** The author submitting the abstract is responsible for its content and quality of preparation. The submission must contain the following elements:

  The **Title** – not included in the body of the abstract; entered separately; Titles should not be bolded in the submission form and only the first word in the title should be capitalized, except for proper names.

  **Example:** Calcium requirements of White Leghorn chickens after molting.

  The **Authors** – not included in the body of the abstract; entered separately

  *Note:* Student presenters in competition MUST be listed as first author; professional presenters do not need to be listed as first author.

  The **Body of the Abstract**, not to exceed 2,300 keystrokes (including spaces and punctuation) must include the following:

  1. a statement of the **purpose** of the research and its relevance;
  2. an **explicit statement** of the experimental design;
  3. results shown by relevant test statistics based on **explicitly stated statistical analysis**
  4. an **actual conclusion** (not just repeated results).

  *Note: An abstract that merely states that the results or models will be presented or discussed will be considered non-informative and subject to rejection. Each abstract will be reviewed and approved by the program chair. Rejection will result if abstract requirements are not met. Abstracts will NOT be edited by the program chair, so please make sure you have corrected typo’s and other errors.*

  The **Key Words** (up to 5) for indexing. – not included in the body of the abstract; entered separately

  Please read the instructions for each field in the submission form carefully! Please "Submit and Review Changes," then "Submit" when your submission is complete in order for it to be accepted as a submission

**AUTHOR NOTIFICATION:** Submitting authors will receive 3 emails:
1. Notification of successful submission (immediately upon final submission)
2. Notification of acceptance or rejection (approximately November 22)
3. Notification of final assignment in the program (approximately December 15)

PROGRAM: Once the program is finalized with days, times, and locations, it will be placed on IPPE’s website, [www.ippexpo.org](http://www.ippexpo.org) (on the left of the home page click on “Schedule & Events,” then select “International Poultry Scientific Forum”). It will also be on the SPSS website [www.southernpoultryciencesociety.org](http://www.southernpoultryciencesociety.org). Hard copies of the program will be available at the meeting.

If withdrawal of an abstract becomes necessary, notify SPSS Executive Secretary, Dr. Mary Beck, via e-mail at mbeck@poultry.msstate.edu, or Dr. Susan Williams at smwillia@uga.edu, immediately.

Judging criteria for student competitions will be included with acceptance emails and made available at [www.southernpoultryciencesociety.org](http://www.southernpoultryciencesociety.org).

INTERNATIONAL AUTHORS: International authors requiring a letter for travel grant applications or institutional approvals should contact mbeck@poultry.msstate.edu.
