2022 IPPE to Feature Nearly 85 TECHTalks Showcasing Industry Technology and Trends

TUCKER, Ga. – Jan. 17, 2022 – The International Production & Processing Expo (IPPE) offers attendees access to the latest in protein and feed technology through exhibits and educational programming. [TECHTalks](#) are free, 20-minute technical presentations, offered each day at IPPE. For the 2022 IPPE, 83 presentations will be given in the TECHTalks theaters at Booths B3649 and B8579 in the B-Hall and at Booth C10611 in the C-Hall.

This year's TECHTalks presentations will address many topics, including food safety, animal welfare, sustainability and feed production, among others. Each presentation will be led by an IPPE exhibitor that will share expertise and experience on the session topic. Attendees can stop by the free TECHTalks education presentations from 10:30 a.m. – 4:20 p.m. on Tuesday, Jan. 25; 9:30 a.m. – 4:20 p.m. on Wednesday, Jan. 26; and 9:30 a.m. – 12:20 p.m. on Thursday, Jan. 27.

The TECHTalks presentation schedule can be viewed by clicking [here](#) and through the IPPE mobile app under the "Education" search. Stay up-to-date on the latest information, education programs and activities planned for IPPE by downloading the IPPE mobile app [here](#).

The 2022 IPPE will have more than 520,000 square feet of exhibit space and more than 1,150 exhibitors. IPPE is a collaboration of three trade shows – International Feed Expo, International Poultry Expo and International Meat Expo – representing the entire chain of protein production and processing. More information about IPPE, including registration details and lodging, is available at www.ippexpo.org.

###

ABOUT IPPE

The International Production & Processing Expo (IPPE) is a collaboration of three shows - International Feed Expo, International Meat Expo and the International Poultry Expo - representing the entire chain of protein production and processing. The event is sponsored by the American Feed Industry Association (AFIA), North American Meat Institute (NAMI) and U.S. Poultry & Egg Association (USPOULTRY).

ABOUT AFIA

Founded in 1909, the American Feed Industry Association (AFIA), based in Arlington, Va., is the world's largest organization devoted exclusively to representing the business, legislative and regulatory interests of the U.S. animal food industry and its suppliers. The organization's membership is comprised of more than 650 domestic and international companies that represent the total feed industry—manufacturers of commercial and integrated feed and pet food, ingredient suppliers, pharmaceutical companies, industry support and equipment manufacturers. AFIA's members manufacture more than 75% of the feed and 70% of the non-whole grain ingredients used in the country. AFIA is also recognized as the leader on international industry developments and holds membership in the International Feed Industry Federation (IFIF).

ABOUT NAMI

The North American Meat Institute (NAMI) is the leading voice for the meat and poultry industry. Formed from the 2015 merger of the American Meat Institute (AMI) and North American Meat Association (NAMA), the Institute has a rich, century-long history and provides essential member services including legislative, regulatory, scientific, international and public affairs representation. NAMI's mission is to shape a public policy environment in which the meat and poultry industry can produce wholesome products safely, efficiently and profitably. Together, the Institute's members produce the vast majority of U.S. beef, pork, lamb and poultry and the equipment, ingredients and services needed for the highest quality products.

ABOUT USPOULTRY

U.S. Poultry & Egg Association (USPOULTRY) is the All Feather Association progressively serving its poultry and egg members through research, education, communications and technical services. Founded in 1947, USPOULTRY is based in Tucker, Georgia.
