

## **Feed&Food: 20 Years of Connecting Brazilian Agribusiness to the Global Stage**

As a leading provider of strategic insights for the animal protein sector, *Feed&Food* has established itself as an essential bridge linking Brazil, Latin America, and global markets.

Celebrating 20 years of dedication to the agribusiness sector, *Feed&Food* is a trusted and indispensable information resource for the animal protein industry. Widely recognized in Brazil and Latin America, the publication closely follows the evolution of the sector, providing its readers with timely, relevant, and accurate information. Its commitment to delivering valuable content has made it a go-to editorial reference for key industry players.

Our presence at major industry events, such as IPPE, highlights our ongoing commitment to innovation and sustainability in animal protein production. "Each year, our coverage of IPPE has garnered exceptional feedback from the Brazilian market, helping connect companies to global opportunities and providing valuable strategic insights for the sector. This is what we do best—turning information into tangible results for agribusiness," says Diogo Ciassuli, CEO of *Feed&Food*.

Over the past two decades, we've witnessed the technological advancements and sustainable growth within the agribusiness sector, always focused on enhancing Brazil's position as the world's leading meat exporter and boosting the competitiveness of industry stakeholders. At IPPE 2025, we will continue to amplify our mission by showcasing Brazilian agribusiness on the global stage and reaffirming our role as a vital platform for those looking to expand and excel in the animal protein industry.

Join us at IPPE 2025 – booth B34047 – to find out how we can help elevate your brand, increase visibility, and create an impact internationally. At *Feed&Food*, you'll gain access to quality contents and a network that connects you to the future of production chains across poultry, eggs, beef cattle, dairy, aquaculture, and pigs.

*Feed&Food* - Information that feeds the future.
