

FOR IMMEDIATE RELEASE

Boston Gear expands stainless steel offering with new product portfolio

Boston Gear offers more sizes, options, styles and products in stainless steel

As the leader who revolutionized the Stainless Power Transmission industry with the Domed Crown™ design, Boston Gear products meet the most demanding washdown requirements for all types of food processing and beverage applications. Our expanded product line now offers an even greater selection of sizes, styles and options to meet all stainless steel requirements.

New Accessories for SS700 Speed reducers

- Economical Torque Arm (bracket-style kit) now available for all sizes
- 2-Bolt mount to either left or right Base Holes makes installation quick and easy

New Sizes of SS2000R Series - Helical Bevel

- Compact 2033R frame size with full complement of mounting options
- Rugged 2073R frame size has expanded torque capacity and hollow output shaft bore sizes up to 2.000 inches

New Helical Multiplier

- C-Face mounts to any SS700, SS2000R or SS2000 product for more flexible ratio expansion
- Range of low ratios can be used as compact, stand-alone speed reducer for low reduction requirements

New AQT AquaTRUE™ Planetary Gearhead

- RediMount™ design for use with servo motors in precision applications
- 4 frame sizes with ratios from 3:1 thru 100:1

New SS Hiflex Helical Bevel Gear Motors

- 3 frame sizes with integrated motor options including asynchronous and permanent magnet
- Non-vented, totally-enclosed exterior with ability to integrate a brake or encoder

New SS AC Motor Design

- Welded and rounded conduit box for better sealing and washdown runoff
- Stainless slinger to protect shaft seal
- New size: 1/3 HP
