

## **Grundfos to Showcase Products and Solutions at IPPE the International Production & Processing Expo**

On January 25-27, 2022, Grundfos Pumps will be exhibiting its water solutions at the annual International Production & Processing Expo (IPPE), hosted at the Georgia World Congress Center in Atlanta, Georgia. The International Production & Processing Expo is the world's largest annual poultry, meat and feed industry event of its kind. A wide range of international decision-makers attend this event to network and become informed on the latest technological developments and issues facing the industry.

During the International Production & Processing Expo (IPPE), Grundfos will be showcasing sustainable solutions that will help transform the Food and Beverage Industry.

If you will be in attendance, add Grundfos to your schedule and stop by **booth C12970** for live product demonstrations and key information about our products. There you will learn about:

- Grundfos SMART Digital dosing pumps, a simply smarter way to dose
- The Hydro HP – The Next Generation of Wash and Clean Systems
- The New CR Line of Products
- Packaged Pump Solutions
