**XT-ACID GEST**

**Feed Acidifier**

**DESCRIPTION**

*XT-ACID GEST* is white granule, and it is a uniquely formulated and high performance feed acidifier.

*XT-ACID GEST* adopts buffered formula technologies ammoniation and esterification to convert the normal small molecule organic acid into non-corrosive and non-irritant ones. It is mild and friendly to equipment and animals. With buffered system, it can stably and continuously keep the effective pH in intestine. After mixing with feed, it can eliminate mold in feed to extend shelf life effectively.
