

## MULTIVAC Introduces New Compact Traysealers

Kansas City, MO (USA)/Wolfertschwenden (Germany) – November 1, 2022 – MULTIVAC is pleased to announce the launch of three new semi-automatic traysealers: T105, T205 and T255.

MULTIVAC is taking a strategically important step towards complementing its portfolio of products in the field of traysealers. Semi-automatic traysealers are ideally suited to packing small and medium-sized batches, and they can be integrated seamlessly as tabletop or free-standing units into new or existing production environments.

The features of these traysealers include a rotating table that allows for simultaneous loading and unloading of trays from one side while the packaging cycle is being completed in the chamber on the opposite side. Packaging features include Seal/MAP, Skin and skin-on-board applications.

As the best-in-class supplier of these machines, MULTIVAC can design them individually to meet your product requirements and tray specifications. MULTIVAC provides you reliability, durability and comprehensive service that make our solutions a resilient link in every production chain

## About MULTIVAC

MULTIVAC is one of the leading providers worldwide of packaging solutions for food products of all types, life science, and healthcare products, as well as industrial items. The MULTIVAC portfolio covers virtually all requirements of processors and producers in terms of pack design, output, and resource efficiency. It comprises a wide range of packaging technologies, as well as automation solutions, labelers, and quality control systems. The product range is rounded off with solutions upstream of the packaging process in the areas of portioning and processing, as well as bakery technology. Thanks to our extensive expertise in packaging lines, all modules can be integrated into complete solutions. This means that MULTIVAC solutions guarantee a high level of operational and process reliability, as well as efficiency. The MULTIVAC Group has approximately 6,700 employees worldwide, with some 2,300 based at its headquarters in Wolfertschwenden. With over 85 subsidiaries, the Group is represented on all continents. More than 1,000 sales advisors and service technicians throughout the world use their know-how and experience to the benefit of customers, and they ensure all installed MULTIVAC machines are utilized to their maximum.
