Project: ADM Animal Nutrition Feed Manufacturing Facility Quincy, Illinois

Younglove Construction, L.L.C., of Sioux City, Iowa, provided engineering, design, and construction services to ADM Animal Nutrition for their complex feed manufacturing facility in Quincy, Illinois. Key features include:

- Two receiving pits/lines at 10,000 cubic feet per hour/200 tons per hour.
- 2,800 tons of ingredient storage in 40 bins.
- Single hammermill grinding system.
- Three independent mixers/mixing lines.
- Three pelleting lines.
- Five 12-bin microsystems.
- Finished feed loadout driveway with 725 tons of finished feed storage in 31 bins.
- Three bagging lines and tub press line.

Providing outstanding commitment to service and quality for more than 120 years, Younglove Construction is the premier builder of agricultural and food industry facilities. Younglove’s experienced and dedicated team of designers, engineers, project managers, and workers builds enduring value and trust through continuous process improvement based on safety and quality, resulting in outstanding customer satisfaction.
